Why Choose Us?

There are many choices for cremation services. Some have higher prices because they include services you consider unnecessary. Others advertise very low prices that do not include necessary services you may want and need; so the final cost to you is much more than you expected.

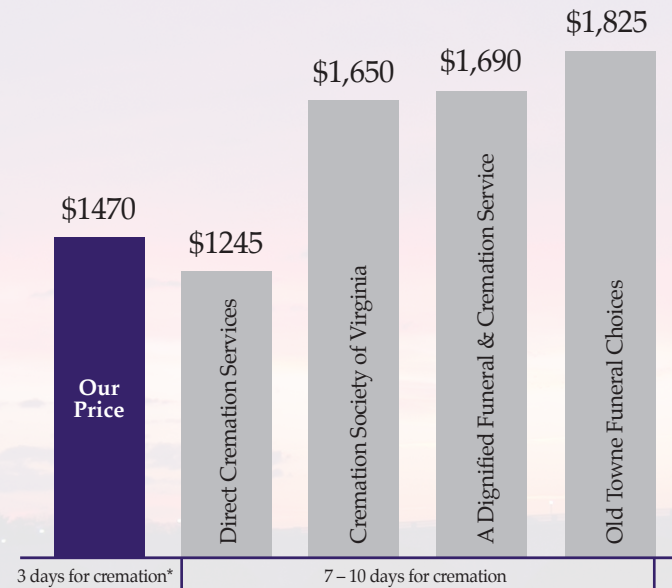

At the Northern Virginia Burial & Cremation Society, we want to offer you the lowest possible price for the professional services you want and need. The last thing either of us want is for you to regret your decision to choose us.

Peace of mind is important; you want to know your loved one received the dignified care they deserve. Where as other cremation services discourage you from visiting the industrial warehouses they operate in, you are welcome to visit the Northern Virginia Burial & Cremation Society clean and professional offices at anytime.

We invite you to compare because we know an informed consumer will make the right choice, which is why we have included shopping information.
